

Housekeeping:

Final year project 478 | Finalejaar projek 478

I hereby confirm that I have thoroughly cleaned the laboratory equipment and work area used by me during the course of my project and that I have returned all relevant equipment and tools to the responsible person at the Department of Process Engineering.

Hiermee bevestig ek dat ek die laboratorium-toerusting en werksarea wat ek gebruik het tydens my projek deeglik skoongemaak het en dat ek alle betrokke toerusting en gereedskap teruggegee het aan die verantwoordelike personeellid by die Departement Proses-ingenieurswese.

Additional notes:

NOTA / NOTE:

The official completion of a final year project requires that the equipment and work area be cleaned and that all equipment returned. The final mark will only be released when the convenor receives the signed form of the relevant student (included as last page in the final report).

Die amptelike afhandeling van 'n finalejaar projek vereis dat die toerusting en werksarea skoon sal wees en dat toerusting teruggehandig sal wees. Die finale punt sal slegs vrygestel word indien die sameroeper die getekende vorm van die betrokke student ontvang het (ingesluit as laaste bladsy in die finale verslag).
